Note that we plan to record the webinar and may post it later online for the benefit of other parents/guardians. It is your choice whether to keep your web camera on or off. All participants will be muted upon joining the meeting.

The following shortcuts may be useful:

Alt + V Use this shortcut if at any point you need to disable your video e.g. somebody walks into the room.

Alt + A Mute/unmute yourself. Please use this whenever there may be noise in your environment e.g. dog barking, your phone rings, etc. Another way to unmute yourself if you are using a keyboard is to hold the spacebar while speaking. However, in a large group it will be better to use the next shortcut:

Alt + Y This will notify the speaker that you have a question or wish to speak.

See you online soon!
